Announcement

Continuing medical education makes a difference!

The European Society of Surgical Oncology (ESSO) is pleased to announce that the European Board of Surgery of the UEMS is organizing an examination session in surgical oncology, in conjunction with ECCO 12, the European Cancer Conference to be held in Copenhagen on 21–25 September 2003.

ESSO members and the other European surgical oncologists should note that this examination for the European Board of Surgery qualification (EBSQ) in surgical oncology will take place on Sunday 21 September. Deadline for receipt of applications is 15 April 2003.

The World Federation of Surgical Oncological Societies (WFSOS) is conducting a surgical oncology examination at the time of the Society of Surgical Oncology (SSO) meeting in Los Angeles. PLEASE NOTE, however, that this examination is NOT recognised as the equivalent of the EBSQ within Europe.

Complete information including the examination regulations and a detailed schedule is available in chapter Education of the ESSO website www.esso-surgeononline.be.
