

Modulation of the Communication between Redox Centers in a Tris(ferrocene)-tren Ligand by Complexation of Lanthanide Ions

Marie Heitzmann, Jean-Claude Moutet,* Jaques Pécaut, Olivier Reynes,
Guy Royal,* Eric Saint-Aman, and Guy Serratrice

Keywords: Sandwich complexes / Electrostatic interactions / Electrochemistry / Lanthanides

In our article,^[1] on page 3769, second column, line 14 from bottom, the expression for ΔE° is erroneous and should read:

$$(RT/F)\ln 3^2$$
