

Ordered Meso- and Macroporous Binary and Mixed Metal Oxides

Moises A. Carreon^[a,b] and Vadim V. Guliants^{*[a]}

Keywords: Mesoporous / Macroporous / Transition metal oxides / Catalytic applications

The caption of Figure 8 on page 32 of the original article^[1] was reproduced incompletely; the correct caption should read as follows:

Figure 8. Nitrogen adsorption–desorption isotherms and BJH pore-size distribution plot (inset) for mesoporous niobium oxide (L. Yuan, V. V. Guliants, unpublished data).
