

Publisher's note

Graphical abstracts

Starting with the first issue of Volume 41 in January 2006, *European Journal of Medicinal Chemistry* will introduce graphical abstracts for papers published in the Journal.

Inclusion of graphical abstracts in the Journal contents pages aims to provide a clearer, more concise overview of the contents of each issue, facilitating both print and online browsing.

Authors are invited to submit a graphical abstract with each submission to *European Journal of Medicinal Chemistry* via the Journal's online submission system: <http://ees.elsevier.com/ejmech>

The abstract should summarise the contents of the paper in a concise, pictorial form designed to capture the attention of a wide readership. Carefully drawn chemical structures are desired that serve to illustrate the theme of the paper. Authors may also provide appropriate text, not exceeding 30 words.

For further information, please consult the Guide for Authors via the Journal's homepage: <http://elsevier.com/locate/ejmech>
