Available online 8 August 2008

We would like to apologize for the following error:

In our article compounds **6b** and **12b** were described as bromo-substituted derivatives. However, both compounds are not bromo-substituted at the phenyl ring. Therefore, **6b** equals 4-phenylpiperidine and **12b** equals (±)-4-(4-fluorobenzyloxy)-2-(4-phenylpiperidin-1-yl)cyclohexanol.

Nevertheless, we believe this correction does not significantly affect the results presented in the publication.
