EurJOC is co-owned by 11 societies of ChemPubSoc Europe, a union of European chemical societies for the purpose of publishing high-quality science. All owners merged their national journals to form two leading chemistry journals, the *European Journal of Organic Chemistry* and the *European Journal of Inorganic Chemistry*. Three further members of ChemPubSoc Europe (Austria, Czech Republic and Sweden) are Associates of the two journals.

Other ChemPubSoc Europe journals are *Chemistry – A European Journal*, *ChemBioChem*, *ChemPhysChem*, *ChemMedChem*, *ChemSusChem* and *ChemCatChem*.

COVER PICTURE

The cover picture shows the structure of Sutent[®] superimposed upon the plants *Isatis indigotica* (used to prepare the widely used traditional Chinese medicine “Ban-Lan-Gen”) and *Souliea vaginata* (the source of Soulieotine). Natural products possessing the 3-alkenyl-oxindole core are presented in the Microreview by A. Millemaggi and R. J. K. Taylor on p. 4527ff. We thank Adam Gooch for his assistance with the cover graphic. The cover photographs are used with permission, and we are grateful to the following sources: *Isatis indigotica*: Creative Commons Copyright, Pethan, 2005. *Souliea vaginata*: Copyright 2007 by D.
