

**Synthesis and Characterization of New Enantiopure
7,7'-Disubstituted 2,2'-Dihydroxy-1,1'-binaphthyls: Useful Ligands for the
Asymmetric Allylation Reaction of Aldehydes**

**Marco Bandini, Sonia Casolari, Pier Giorgio Cozzi, Gloria Proni, Erick Schmohel,
Gian Piero Spada, Emilio Tagliavini, and Achille Umani-Ronchi***

Eur. J. Org. Chem. **2000**, 491–497

In the final production step, the name of the first author was inadvertently misspelled. The correct name is given above. In Scheme 6 the substituents of compound 10 should be as follows:

$R_1=H$, $R_2=H$, $R_3=Bz$
