First Synthesis of Argadin: A Nanomolar Inhibitor of Family-18 Chitinases

Mark J. Dixon,^[a] Ole A. Andersen,^[b] Daan M. F. van Aalten,^[b] and Ian M. Eggleston*^[a]

Keywords: Asthma / Chitinases / Peptides / Solid-phase synthesis / Total synthesis

In the first paragraph on p. 5004 of the original article,^[1] the sentence starting in line 10 should read:

On prolonged exposure to the cleavage cocktail, significant quantities of products resulting from cleavage of the cyclic peptide backbone to the C-terminal side of homoserine were also obtained.

In the following sentence, the compound numbers “3–5” should be replaced by “4 and 5”.
