

European Journal of Orthodontics

Volume 21 (1999) Subject entries

Aesthetic brackets

In vitro comparison of the retention capacity of new ... 71

Aged orthodontic elastomeric modules

Structural conformation of *in vitro* and *in vivo* ... 649

Airway

Changes in ... position in response to mandibular protrusion in subjects with OSA 363

Anchorage

Palatal bone support for orthodontic implant ... 65

Angles

Influence of archwire and bracket dimensions on sliding mechanics: derivations and determinations of the critical contact ... for binding 199

Anterior crossbite

Morphological changes in periodontal mechanoreceptors of mouse maxillary incisors after the experimental induction of ... 15

Apical root resorption

Evaluation of ... following extraction therapy in subjects with Class I and Class II malocclusions 491

Archwire

The effects of increasing the reverse curve of Spee in a lower ... examined using a dynamic photo-elastic gelatine model 213

Archwire dimensions

Influence of ... on sliding mechanics 199

Archwire hooks

Properties of crimpable ... 679

Archwires

Effects on tooth movement of force delivery from nickel-titanium ... 481

Arrested eruption

... of the permanent lower second molar 31

Atmospheric pressure

Cheek and tongue pressures in the molar areas and the ... in the palatal vault in young adults 299

Autogenous bone grafts

A quantitative assessment of the healing of intramembranous and endochondral ... 119

Binding

Influence of archwire and bracket dimensions on sliding mechanics: derivations and determination of the critical contact angles for ... 199

Blood vessel response

... to pan-endothelium antibody in normal and tooth loaded rat periodontal ligament 469

Bond strength

The effects of sandblasting on the ... of molar attachments 311

The crystal growth technique—a laboratory evaluation of ... 89

Bonded rapid and slow maxillary expansion

A comparison of sagittal and vertical effects between ... procedures 175

Bonding

Super pulse CO₂ laser for bracket ... and debonding 193

Bone grafts

A quantitative assessment of the healing of intramembranous and endochondral autogenous ... 119

Bone response

... to orthodontic loading of endosseous implants in the rabbit calvaria 223

Bone support

Palatal ... for orthodontic implant anchorage 65

Bracket bonding

Super pulse CO₂ laser for ... and debonding 193

Bracket dimensions

Influence of ... on sliding mechanics 199

Brackets

In vitro comparison of the retention capacity of new aesthetic ... 71

Breathing obstruction

... in relation to craniofacial and dental arch morphology in 4-year-old children 323

Calvaria

Bone response to orthodontic loading of endosseous implants in the rabbit ... 223

Canine

Determination of the centre of resistance in an upper human ... 633

Ectopic eruption of the maxillary ... quantified in three dimensions on cephalometric radiographs between the ages of 5 and 15 years 41

Canines

The effect of tooth position on the image of unerupted ... on panoramic radiographs 551

Cephalometric analysis

Comparison of ... using a non-radiographic sonic digitizer with conventional radiography 1

Cephalometric changes

... in adult pharyngeal morphology 357

Cephalometric radiographs

Ectopic eruption of the maxillary canines quantified in three dimensions on ... between the ages of 5 and 15 years 41

Ceramic brackets

Thermal image analysis of electrothermal debonding of ... 111

Cervicovertebral dimensions

Comparison of ... in Australian Aborigines and Caucasians 127

Cheek pressure

... in the molar areas and the atmospheric pressure in the palatal vault in young adults 299

Chincap

Long-term effect of the ... on hard and soft tissues 291

Class I malocclusions

Evaluation of apical root resorption following extraction therapy in subjects with ... 491

Class II division 2 malocclusions

A long-term evaluation of treated ... 377

Class II malocclusions

Evaluation of apical root resorption following extraction therapy in subjects with ... 491

Class III malocclusions

Thin-plate spline analysis of treatment effects of rapid maxillary expansion and face mask therapy in early ... 275

CO₂ laser

Super pulse ... for bracket bonding and debonding 193

Computer-aided design system

A 3D ... applied to diagnosis and treatment planning in orthodontics and orthognathic surgery 263

Condylar growth

Incremental growth charts for ... between 6 and 16 years of age 167

Constitutionally delayed puberty

Delayed dental age in boys with ... 711

Contact angles

Influence of archwire and bracket dimensions on sliding mechanics: derivations and determinations of the critical ... for binding 199

Conventional radiography

Comparison of cephalometric analysis using a non-radiographic sonic digitizer with ... 1

Craniocervical changes

Adult ... 333
Adult ... 345

Craniofacial growth

Effect of low-dose testosterone treatment on ... in boys with delayed puberty 137

Craniofacial morphology

... in 6-year-old Icelandic children 283
Breathing obstruction in relation to ... in 4-year-old children 323

Crimpable archwire hooks

Properties of ... 679

Critical contact angles

Influence of archwire and bracket dimensions on sliding mechanics: derivations and determination of the ... for binding 199

Crossbite

Morphological changes in periodontal mechanoreceptors of mouse maxillary incisors after the experimental induction of anterior ... 15

The functional shift of the mandible in unilateral posterior ... and the adaptation of the temporomandibular joints 155

Crystal growth technique

The ... 89

Curve of Spee

The effects of increasing the reverse ... in a lower archwire examined using a photo-elastic gelatine model 213

Debonding

Super pulse CO₂ laser for bracket bonding and ... 193
Thermal image analysis of electrical ... of ceramic brackets 111

Delayed dental age

... in boys with constitutionally delayed puberty 711

Delayed puberty

Delayed dental age in boys with constitutionally ... 711
Effect of low-dose testosterone treatment on craniofacial growth in boys with ... 137

Dental arch morphology

Breathing obstruction in relation to ... in 4-year-old children 323

Dental attractiveness ratings

The influence of dental to facial midline discrepancies on ... 517

Dental injuries

A systematic review of the relationship between overjet size and traumatic ... 503

Dental tissues

Neural modulation of inflammatory reactions in ... incident to orthodontic tooth movement 231

Dental to facial midline discrepancies

The influence of ... on dental attractiveness ratings 517

Diagnosis

A 3D computer-aided design system applied to ... in orthodontics and orthognathic surgery 263

Differential scanning calorimetry

An evaluation of transition temperature range of super-elastic orthodontic NiTi springs using ... 497

DigiGraph™ Workstation

Comparison of cephalometric analysis using a ... with conventional radiography 1

Displacement

Initial orthopaedic ... compared with longitudinal ... of the maxilla after a forward force application 671
Initial tooth ... *in vivo* as a predictor of long-term ... 405

Distalizing forces

Bone response to orthodontic loading of endosseous implants in the rabbit calvaria: early continuous ... 223

Dynamic photo-elastic gelatine model

The effects of increasing the reverse curve of Spee in a lower archwire examined using a ... 213

Ectopic eruption

... of the maxillary canine quantified in three dimensions on cephalometric radiographs between the ages of 5 and 15 years 41

Elastomeric modules

Structural conformation of *in vitro* and *in vivo* aged orthodontic ... 649

Electron microscopic observation

An ... using immunohistochemistry for PGP 9.5 15

Electronic speckle pattern interferometry

The mechanical behaviour of human mandibles studied by ... 413

Electrothermal debonding

Thermal image analysis of ... of ceramic brackets 111

Endochondral autogenous bone grafts

A quantitative assessment of the healing of ... 119

Endosseous implants

Bone response to orthodontic loading of ... in the rabbit calvaria 223

Endotracheal intubation

Long-term effect of neonatal ... on palatal form and symmetry in 8–11-year-old children 708

Eruption

Arrested ... of the permanent lower second molar 31
Ectopic ... of the maxillary canine quantified in three dimensions on cephalometric radiographs between the ages of 5 and 15 years 41

Eruption rates

... of incisor teeth in rats after one or more of them had been unimpeded 49

Expansion procedures

A comparison of sagittal and vertical effects between rapid and slow maxillary ... 175

Experimental induction

Morphological changes in periodontal mechanoreceptors of mouse maxillary incisors after the ... of anterior crossbite 15

Extraction therapy

Evaluation of apical root resorption following ... in subjects with Class I and Class II malocclusions 491

Extrusion

The physical characteristics of neodymium iron boron magnets for tooth ... 541

Face mask therapy

Thin-plate spline analysis of treatment effects of ... in early Class III malocclusions 275

Facial morphology

Masseter muscle volume measured using ultrasonography and its relationship with ... 659

Fixed appliances

Patients' anticipation of pain and pain-related side effects and their perception of pain as a result of orthodontic treatment with ... 387

Fluoride release

A retentive system for intra-oral ... during orthodontic treatment 695

Force delivery

Effects on tooth movement of ... from nickel-titanium archwires 481

Forward force application

Initial orthopaedic displacement compared with longitudinal displacement of the maxilla after a ... 671

Functional shift

The ... of the mandible in unilateral posterior crossbite and the adaptation of the temporomandibular joints 155

Gelatine model

The effects of increasing the reverse curve of Spee in a lower archwire examined using a dynamic photo-elastic ... 213

Growth charts

Incremental ... for condylar growth between 6 and 16 years of age 167

Hard tissues

Long-term effect of the chincap on ... 291

Healing

A quantitative assessment of the ... of intramembranous and endochondral autogenous bone grafts 119

Histochemical quantification

... of root resorption incident to the application of intrusive force to rat molars 57

Histological quantification

... of root resorption incident to the application of intrusive force to rat molars 57

Hyoid bone changes

Adult craniocervical and pharyngeal changes. Part I: ... 333

Hyoid position

Changes in ... in response to mandibular protrusion in subjects with OSA 363

Idealized tooth model

Determination of the centre of resistance in an ... 633

Image

The effect of tooth position on the ... of unerupted canines on panoramic radiographs 551

Immunohistochemistry

A light and electron microscopic observation using ... for PGP 9.5 15

Implant anchorage

Palatal bone support for orthodontic ... 65

Implants

Bone response to orthodontic loading of endosseous ... in the rabbit calvaria 223

Incisor teeth

The length and eruption rates of ... in rats after one or more of them had been unimpeded 49

Incisors

Morphological changes in periodontal mechanoreceptors of mouse maxillary ... after the experimental induction of anterior crossbite 15

Incremental growth charts

... for condylar growth between 6 and 16 years of age 167

Induced orthodontic pain

Sensory and motor changes of the human jaw muscles during ... 397

Induction

Morphological changes in periodontal mechanoreceptors of mouse maxillary incisors after the experimental ... of anterior crossbite 15

Inflammatory reactions

Neural modulation of ... in dental tissues incident to orthodontic tooth movement 231

Initial orthopaedic displacement

... compared with longitudinal displacement of the maxilla after a forward force application 671

Initial tooth displacement

... *in vivo* as a predictor of long-term displacement 405

Interferometry

The mechanical behaviour of human mandibles studied by electronic speckle pattern ... 413

Intramembranous autogenous bone grafts

A quantitative assessment of the healing of ... 119

Intra-oral fluoride release

A retentive system for ... during orthodontic treatment 695

Intra-oral temperature variation

... over 24 hours 249

Intrusive force

Histological and histochemical quantification of root resorption incident to the application of ... to rat molars 57

Intubation

Long-term effect of neonatal endotracheal ... on palatal form and symmetry in 8–11-year-old children 708

Jaw muscles

Sensory and motor changes of the human ... during induced orthodontic pain 397

Length of incisor teeth

... in rats after one or more of them had been impeded 49

Light microscopic observation

A ... using immunohistochemistry for PGP 9.5 15

Loading

Bone response to orthodontic ... of endosseous implants in the rabbit calvaria 223

Longitudinal displacement

Initial orthopaedic displacement compared with ... of the maxilla after a forward force application 671

Longitudinal post-eruptive mandibular tooth movements

... of males and females 459

Long-term displacement

Initial tooth displacement *in vivo* as a predictor of ... 405

Low-dose testosterone treatment

Effect of ... on craniofacial growth in boys with delayed puberty 137

Lower archwire

The effects of increasing the reverse curve of Spee in a ... examined using a dynamic photo-elastic gelatine model 213

Lower second molar

Arrested eruption of the permanent ... 31

Magnets

The durability of parylene coatings on neodymium-iron-boron ... 685
The physical characteristics of neodymium-iron-boron ... for tooth extrusion 541

Mandible

The functional shift of the ... in unilateral posterior crossbite and the adaptation of the temporomandibular joints 155

Mandibles

The mechanical behaviour of human ... studied by electronic speckle pattern interferometry 413

Mandibular protrusion

Changes in airway and hyoid bone position in response to ... in subjects with OSA 363

Mandibular shape

... and skeletal diversity 145

Mandibular tooth movements

Longitudinal post-eruptive ... of males and females 459

Masseter muscle volume

... measured using ultrasonography and its relationship with facial morphology 659

Maxilla

Initial orthopaedic displacement compared with longitudinal

displacement of the ... after a forward force application 671

Maxillary canine

Ectopic eruption of the ... quantified in three dimensions on cephalometric radiographs between the ages of 5 and 15 years 41

Maxillary expansion procedures

A comparison of sagittal and vertical effects between rapid and slow ... 175

Maxillary incisors

Morphological changes in periodontal mechanoreceptors of mouse ... after the experimental induction of anterior crossbite 15

Mechanical behaviour

The ... of human mandibles studied by electronic speckle pattern interferometry 413

Mechanoreceptors

Morphological changes in periodontal ... of mouse maxillary incisors after the experimental induction of anterior crossbite 15

Molar

Arrested eruption of the permanent lower second ... 31

Molar areas

Cheek and tongue pressures in the ... and the atmospheric pressure in the palatal vault in young adults 299

Molar attachments

The effects of sandblasting on the bond strength of ... 311

Molars

Histological and histochemical quantification of root resorption incident to the application of intrusive force to rat ... 57

Morphological changes

... in periodontal mechanoreceptors of mouse maxillary incisors after the experimental induction of anterior crossbite 15

Morphological craniocervical changes

Adult craniocervical and pharyngeal changes. Part I: ... 333

Morphological uvulo-glossopharyngeal changes

Adult craniocervical and pharyngeal changes. Part II: ... 345

Motivation

... for orthodontic-surgical treatment 79

Motor changes

... of the human jaw muscles during induced orthodontic pain 397

Neodymium-iron-boron magnets

The durability of parylene coatings on ... 685
The physical characteristics of ... for tooth extrusion 541

Neonatal endotracheal intubation

Long-term effect of ... on palatal form and symmetry in 8-11-year-old children 703

Neural modulation

... of inflammatory reactions in dental tissues incident to orthodontic tooth movement 231

Nickel-titanium archwires

Effects on tooth movement of force delivery from ... 481

NiTi springs

An evaluation of transition temperature range of super-elastic orthodontic ... using differential scanning calorimetry 497

Non-radiographic sonic digitizer

Comparison of cephalometric analysis using a ... with conventional radiography 1

Normal rat periodontal ligament

Blood vessel response to pan-endothelium antibody in ... 469

Obstructive sleep apnoea

Changes in airway and hyoid position in response to mandibular protrusion in subjects with ... 363

Orthodontic implant anchorage

Palatal bone support for ... 65

Orthodontics

A 3D computer-aided design system applied to diagnosis and treatment planning in ... 263

Orthodontic-surgical treatment

Motivation for and satisfaction with ... 79

Orthognathic surgery

A 3D computer-aided design system applied to diagnosis and treatment planning in ... 263

Overjet size

A systematic review of the relationship between ... and traumatic dental injuries 503

Pain

Patients' anticipation of ... and pain-related side effects and their

- perception of ... as a result of orthodontic treatment with fixed appliances 387
- Sensory and motor changes of the human jaw muscles during induced orthodontic ... 397
- Palatal bone support*
... for orthodontic implant anchorage 65
