

Corrigendum

Corrigendum to: Tolerance induction by transdermal glyceryl trinitrate in rats

[Eur. J. Pharmacol. 374 (1999) 71–75]¹

Ivan S. de la Lande^{*}, Irene Stafford, John D. Horowitz

Cardiology Unit, North Western Adelaide Health Service, The Queen Elizabeth Hospital campus, University of Adelaide, 28 Woodville Road, Woodville South, South Australia 5011, Adelaide, Australia

In the above-mentioned article, with respect to earlier studies on rats, reference should have been made to the study of Bauer et al. (J. Cardiovasc. Pharmacol. 22 (1993)

600–608) who observed tolerance to glyceryl trinitrate following 10-day transdermal application to rats with experimental heart failure.
