

Corrigendum

Corrigendum to “Opioid receptor and peptide gene polymorphisms: potential implications for addictions”

[Eur. J. Pharmacol. 410 (2001) 249–268][☆]

K. Steven LaForge^{*}, Vadim Yuferov, Mary Jeanne Kreek

Laboratory Biology of Addictive Diseases, The Rockefeller University, Box 171, 1230 York Avenue, New York, NY 10021, USA

In Table 3, on page 253, the literature citation for the C846T single nucleotide polymorphism of the human κ -opioid receptor is incorrect. The correct attribution is: Höllt, in LaForge and Kreek (2000).

On page 264, the phrase “tissue plasminogen activator” should be substituted with “12-O-tetradecanoylphorbol 13-acetate”.
