We regret that there were errors in the above-mentioned article. The corrections are as follows.

On page 115, Fig. 1(D), the concentrations of probenecid were wrong. The correct concentrations are provided in the figure shown below.

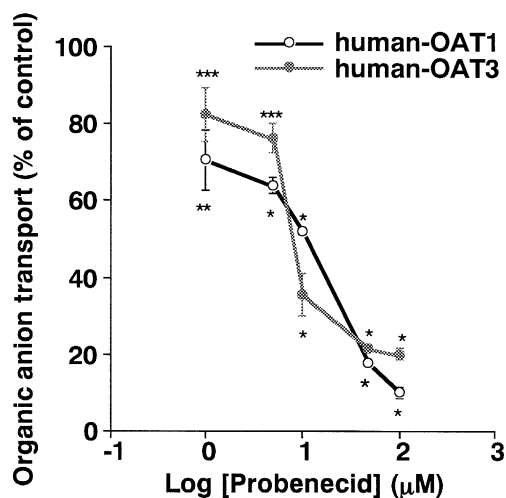

Fig. 1(D)

On page 116, Fig. 2, ‘0.0’ in *x*-axis was wrong. This should read ‘0’.

On page 117, Fig. 3(D), the reciprocal values of probenecid concentrations were wrong. The correct values are provided in the figures shown below.
