

Erratum

Erratum to “Intracellular alkalinization augments
 α_1 -adrenoceptor-mediated vasoconstriction by promotion
of Ca^{2+} entry through the non-L-type Ca^{2+} channels”
[Eur. J. Pharmacol. 428 (2001) 251–259][☆]

The publisher regrets that in the above-mentioned article, errors were made.

The following points need to be considered:

(1) A line, which indicates a paired comparison of data, is lacking in Fig. 4C.

(2) In the graphs shown in Figs. 4A,B and 5B, there is a typing error in the description of the ordinate scaling: “2 mM” in the scale should be “2 mN”.
