

When the article

“Vitamin E supplementation does not increase the vitamin C radical concentration at rest and after exhaustive exercise in healthy male subjects” by Schneider et al. (the online version can be found at <http://dy.doi.org/Doi/10.1007/s00394-003-0414-6>)

had been published in issue 42(2003):195–200, only twelve authors were listed, while correctly thirteen authors contributed to the article.

Ines Golly
Walter Straub-Institut für Pharmakologie und Toxikologie
LMU München
München, Germany

should have been listed as sixth author.
