

ERRATUM

Corrigendum to 'Carbon 13 Nuclear Magnetic Resonance Studies on Thyrotropin-Releasing Factor and Related Peptides', Deslauriers, R., Garrigou-Lagrange, C., Bellocq, A.-M. and Smith, I.C.P. (1973) FEBS Letters 31, 59-66.

In table 1 the chemical shifts of the < Glu C=O (fourth row) and the His C=O (eleventh row) of TRF in D₂O (pH 8.9, 6.3, 5.5, 4.7) were inadvertently reversed. The assignments in fig. 1 are correct.
