

STATEMENT

The Editors and Publishers regret that the data in the following papers may not be reliable:

Gullis, R. J., J. Traber, K. Fischer, C. Buchen and B. Hamprecht. Effects of cholinergic agents and sodium ions on the levels of guanosine and adenosine 3':5'-cyclic monophosphate in neuroblastoma and neuroblastoma X glioma hybrid cells (1975) FEBS Letters 59, 74–79.

Gullis, R. J. and C. E. Rowe. The effects of noradrenaline, acetylcholine, cyclic AMP, cyclic GMP, and other agents on the concentration of unesterified fatty acids in synaptosomes and synaptic membranes (1976) FEBS Letters 67, 256–259.

For details see (1977) *Nature* 265, 764.
