

### Corrigendum

The publishers and the authors would like to make the following corrections:

---

Ehrmann, I.E., Weiss, A.A., Goodwin, M.S., Gray, M.C., Barry, E. and Hewlett, E.L., Enzymatic activity of adenylate cyclase toxins from *Bordetella pertussis* is not required for hemolysis, FEBS Letters 304 (1992) 51–56.

The legend to Fig. 5, p. 54, *should have read:*

Suckling mice were challenged intranasally with 500 organisms...

*and*

Limit of detection of the assay was 50 organisms,...

---

The publishers apologise for any inconvenience these errors may have caused.
