

FEBS 17372

Corrigendum to: **The stiffness of the crossbridge is a function of the intrinsic protein osmotic pressure generated by the crossbridge itself** (FEBS 17092)

[*FEBS Letters* 387 (1996) 101–104]*

Enrico Grazi, Ermes Magri, Christine Schwenbacher, Giorgio Trombetta

Dipartimento di Biochimica e Biologia Molecolare, Università di Ferrara, Via Borsari 46, 44100 Ferrara, Italy

On page 101, Equation (2) *should have read*

$$\Delta\mu(T,p,n_i) = -P\Delta V \text{ (erg)}$$

On page 102, legend to Fig. 1, the expression $OB \sin(\alpha) = OD = R$

should be corrected to : $OB \sin(\alpha) = BD = R$

*SSDI S0014-5793(96)00481-4
