

Young Organic Chemists' Workshop on 'Selective Synthesis'

Organised by COST Action D2

With Support from CERC3

Rocamadour, France, October 15–18, 1994

Speakers include: T. Gallagher, Bristol, UK, I. E. Markó, Louvain, Belgium, N. Simpkins, Nottingham, UK

A limited number of places are available for attendance. Inclusion in the programme may be possible *via* poster presentations.

Applications for attendance, together with poster abstracts, should be sent before 1st September 1994 to Dr. S. Bénédicte-Malouet, COST Secretariat Chemistry, Rue de la Loi 200, B68 5/38, B-1049 Brussels, Belgium; Fax: 32-2-296 4289

7th European Congress of Biotechnology

Nice, February 19–23, 1995

Der Schweizerische Koordinationsausschuss für Biotechnologie wird eine beschränkte Anzahl von Doktoranden, die an diesem Kongress teilzunehmen wünschen, finanziell unterstützen. Interessenten müssen an einer schweizerischen Hochschule als Doktoranden eingeschrieben sein und ihre Bewerbung mit der Kopie des in Florenz angemeldeten Abstracts für ein Poster (Termin: 15. September 1994) und mit einem Empfehlungsschreiben ihres Dissertationsleiters bis zum 26. September 1994 an die unten aufgeführte Adresse richten. Der SKB entscheidet in seiner nächsten Sitzung letztinstanzlich über die zu unterstützenden Kandidaten und die Höhe des Beitrags.

Prof. U. von Stockar, Institut de Génie Chimique, EPFL-Ecublens, CH-1015 Lausanne

9th International Conference on Cytochrome P450

Biochemistry, Biophysics and Molecular Biology

University of Zurich, Switzerland, July 23–27, 1995

Further information: 9th International Conference on Cytochrome P450,
P.O. Box 254, CH-4016 Basel, Switzerland

International Conference on Pharmaceutical Applications of NIR Spectroscopy

Stockholm, Sweden, June 13–15, 1996

Further information: The Swedish Chemical Society, Wallingatan 24, 3tr, S-11124 Stockholm, Sweden

The Colloidal Domain where Physics, Chemistry, Biology, and Technology Meet, ed. by D. Fennell Evans and Håkan Wennerström, VCH, Weinheim–New York–Basel–Cambridge–Tokyo, 1994, pp. 515, DM 98.–.

Electrochemistry of Novel Materials. Frontiers of Electrochemistry, ed. by Jacek Lipkowski and Philip N. Ross, VCH, Weinheim–New York–Basel–Cambridge–Tokyo, 1994, pp. 387, DM 245.–, £ 98.–.

Catalysis of Organic Reactions by Supported Inorganic Reagents, ed. by James H. Clark, VCH, Weinheim–New York–Basel–Cambridge–Tokyo, 1994, pp. 126, DM 115.–, £ 46.–.

University of Geneva

The Faculty of Sciences invites applications for a position of

Professor of Organic Chemistry

in the Department of Organic Chemistry at the level of **Associate or Full Professor (Professeur Adjoint ou Ordinaire)**.

The successful candidate will be expected to carry out active and innovative research, preferably in an area of **bioorganic chemistry**. Academic duties include participation in teaching at all university levels.

Candidates should have previous experience in directing research and in teaching. Applications including curriculum vitae, publication list, summaries of current and planned research projects and a statement of teaching experience should be sent to: **Décanat de la Faculté des Sciences, 30, quai Ernest-Ansermet, CH-1211 Genève 4. Closing date for applications: September 30, 1994.** Further information is available from the Dean's office (Fax ++41-22-781-1747). Applications from younger and women scientists are especially invited.

(This is a second announcement for this position, with a new closing date.)
