Advanced Ferrite Duplexing-Limiting Techniques

J.E. Andrews, J.L. Brediger and D.H. Landry. "Advanced Ferrite Duplexing-Limiting Techniques." 1965 G-MTT Symposium Program and Digest 65.1 (1965 [MWSYM]): 153-158.

Recent advances in the field of high power ferrite devices have permitted the use of microwave duplexing techniques providing reliability and fail-safe protection previously impractical or impossible.
