## A Frequency Transformation for Commensurate Transmission-Line Networks (1967 [MWSYM])

---

*E.G. Cristal. "A Frequency Transformation for Commensurate Transmission-Line Networks (1967 [MWSYM])." 1967 G-MTT International Microwave Symposium Program and Digest 67.1 (1967 [MWSYM]): 40-41.*

Frequency transformations are commonly used in lumped-element network theory to convert a given filter network into a related filter network.
