Planar Transmission Lines--Part III (Correspondence and Author's Reply)

K.S. Packard, Jr. and D. Park. "Planar Transmission Lines--Part III (Correspondence and Author's Reply)." 1957 Transactions on Microwave Theory and Techniques 5.2 (Apr. 1957 [T-MTT]): 163-163.

The following area few comments on the above. This paper purports to derive criteria for the optimum line from the standpoint of stability and attenuation. The conclusions arrived at, however, are erroneous.
