The Available Power of a Matched Generator from the Measured Load Power in the Presence of Small Dissipation and Mismatch of the Connecting Network (Correction)

L. Sweet and M. Sucher. "The Available Power of a Matched Generator from the Measured Load Power in the Presence of Small Dissipation and Mismatch of the Connecting Network (Correction)." 1957 Transactions on Microwave Theory and Techniques 5.4 (Oct. 1957 [T-MTT]): 265-265.

Leonard Sweet, co-author with M. Sucher of the correspondence, "The Available Power of a Matched Generator from the Measured Load Power in the Presence of Small Dissipation and Mismatch of the Connecting Network," which appeared on pages 167-168 of the April, 1957 issue of these Transactions, has brought the following correction to the attention of the editors.
