## A Comment on the Scattering Matrix of Cascaded 2n-Ports (Correspondence)

---

*D.J.R. Stock and L.J. Kaplan. "A Comment on the Scattering Matrix of Cascaded 2n-Ports (Correspondence)." 1961 Transactions on Microwave Theory and Techniques 9.5 (Sep. 1961 [T-MTT]): 454-454.*

Epprecht calculated the scattering matrix of two cascaded two-ports. Redheffer does the same for the 2n-port using non-standard notation. This note will comment on the physical interpretation of the constituents of the resultant-scattering matrix.
