## A Practical UHF Multidiscriminator Unit (Correspondence)

---

*P. Chiu. "A Practical UHF Multidiscriminator Unit (Correspondence)." 1963 Transactions on Microwave Theory and Techniques 11.1 (Jan. 1963 [T-MTT]): 88-89.*

The purpose of this communication is to report the design and development of a compact UHF multidiscriminator unit. This device offers possible new applications in the microwave systems. Fig. 1 shows the circuit of a single discriminator.
