## A Simple Formula for Calculating Approximate Values of the First Zeros of a Combination Bessel Function Equation (Correspondence)

---

*M.A.R. Gunston. "A Simple Formula for Calculating Approximate Values of the First Zeros of a Combination Bessel Function Equation (Correspondence)." 1963 Transactions on Microwave Theory and Techniques 11.1 (Jan. 1963 [T-MTT]): 93-94.*

The solution of many problems in microwave theory, particularly those relating to waveguides having curved boundary surfaces, is dependent upon a determination of the zeros of the Bessel function equation.
