## On the General Relation Between $\alpha$ and Q (Correspondence)

---

*H.P. Hsu. "On the General Relation Between  $\alpha$  and Q (Correspondence)." 1963  
Transactions on Microwave Theory and Techniques 11.4 (Jul. 1963 [T-MTT]): 258-258.*

The relation between the quality factor Q and the attenuation constant  $\alpha$  of a transmission line has been known as follows.
