## A Magnetic Loop, Diode Detector Compatible with Microwave and Beam Waveguides (Correspondence)

---

*J.E. Degenford, J.R. Baird and E. Yamashita. "A Magnetic Loop, Diode Detector Compatible with Microwave and Beam Waveguides (Correspondence)." 1965 Transactions on Microwave Theory and Techniques 13.3 (May 1965 [T-MTT]): 380-382.*

Improved detector performance is a common objective in any communication system. This is particularly true of the millimeter and submillimeter region where the available signals are weak.
