

## International Intercomparison of Standards for Microwave Power Measurement (Correspondence)

---

G.F. Engen. *"International Intercomparison of Standards for Microwave Power Measurement (Correspondence)." 1965 Transactions on Microwave Theory and Techniques 13.5 (Sep. 1965 [T-MTT]): 713-715.*

In accordance with a resolution of Commission I of the International Scientific Radio Union (URSI), standards for microwave power measurement of Japan, the United Kingdom (England) and the United States have been intercompared. It is the purpose of this correspondence to describe the results and comment upon the significance of these intercomparisons.
