Submillimeter Wave Harmonic Mixing (Correspondence)

R.G. Strauch, R.A. Miesch and R.E. Cupp. "Submillimeter Wave Harmonic Mixing (Correspondence)." 1965 Transactions on Microwave Theory and Techniques 13.6 (Nov. 1965 [T-MTT]): 873-873.

The difference frequency between harmonics of millimeter wave oscillators has been observed at submillimeter wavelengths using a crossed-waveguide harmonic generator as a harmonic mixer.
