## A Nonresident Perturbation Theory (Correction)

---

*C.W. Steele. "A Nonresident Perturbation Theory (Correction)." 1966 *Transactions on Microwave Theory and Techniques* 14.9 (Sep. 1966 [T-MTT]): 436-436.*

Equation (35) applies only to linearly polarized electric and magnetic fields at the point of perturbation. (This restriction was not stated.) Equation (34) is, however, more general and applies to the elliptically polarized waves as well.
