## Broadband Hybrids (Correspondence)

---

*M. Bouthinon and A. Coumes. "Broadband Hybrids (Correspondence)." 1967 Transactions on Microwave Theory and Techniques 15.7 (Jul. 1967 [T-MTT]): 431-432.*

Marcatili and Ring have shown that using two 3 dB directional couplers with a  $\pi/2$  phase shifter between them a broader band 3 dB directional coupler can be realized.
