## A New Microwave Low-Pass Structure (Correspondence)

---

*R.V. Snyder. "A New Microwave Low-Pass Structure (Correspondence)." 1968 Transactions on Microwave Theory and Techniques 16.4 (Apr. 1968 [T-MTT]): 262-264.*

It is the purpose of this correspondence to discuss a new "inside-out" realization for a microwave coaxial low-pass structure. This new structure will be shown to possess some inherent constructional advantages over the classical realization.
