## Capacitance Determination for Infinite Interdigital Structures (Computer Program Descriptions)

---

*I.A. Cermak, P. Silvester and S.K. Wong. "Capacitance Determination for Infinite Interdigital Structures (Computer Program Descriptions)." 1970 Transactions on Microwave Theory and Techniques 18.2 (Feb. 1970 [T-MTT]): 116-116.*

This subprogram determines the capacitance per half-strip pair of an infinitely long interdigital structure composed of finite-sized strips between dissimilar dielectrics, with or without a parallel ground plane.
