Maximum Phase-Locking Bandwidth Obtainable by Injection Locking (Short Papers)

L. Gustafsson, K.I. Lundstrom and G.H.B. Hansson. "Maximum Phase-Locking Bandwidth Obtainable by Injection Locking (Short Papers)." 1973 Transactions on Microwave Theory and Techniques 21.5 (May 1973 [T-MTT]): 353-355.

A simple rule is presented for the determination of the locking region of an oscillator with a general tuning circuit.
