Computer-Aided Design of Parametric Amplifiers (1971 [MWSYM])

M. Maeda, A. Sumioka and Y. Kinoshita. "Computer-Aided Design of Parametric Amplifiers (1971 [MWSYM])." 1971 G-MTT International Microwave Symposium Digest of Technical Papers 71.1 (1971 [MWSYM]): 130-131.

A computer-aided design approach is developed for the analysis and design of single-tuned parametric amplifiers. An 18 GHz single-tuned amplifier is designed and experimented for an illustration.
