Editorial (Mar. 1974 [T-MTT])

J.W. Bandler. "Editorial (Mar. 1974 [T-MTT])." 1974 Transactions on Microwave Theory and Techniques 22.3 (Mar. 1974 [T-MTT] (Special Issue on Computer-Oriented Microwave Practices)): 153-154.

Being somewhat at a focal point of computer-oriented microwave practices in the capacity of Associate Editor (Computer Program Descriptions) of this Transactions, as well as Guest Editor of this Special Issue, I am exposed to a wide range of opinions held by contributors to the field as well as by users. A representative sample of these opinions is in evidence in the Panel Discussion that follows this Editorial.
