## Generation of Acoustic Signals by Pulsed Microwave Energy (Letters)

---

*J.C. Sharp, H.M. Grove and O.P. Gandhi. "Generation of Acoustic Signals by Pulsed Microwave Energy (Letters)." 1974 Transactions on Microwave Theory and Techniques 22.5 (May 1974 [T-MTT]): 583-584.*

A discussion of the production of sound when short microwave pulses are directed at an absorber is presented. Possible mechanisms of the phenomenon are presented. These mechanisms may be important for a better understanding of the so-called microwave "hearing" effect.
