## Approximation for the Symmetrical Parallel-Strip Transmission Line (Comments)

---

*R. Crampagne and G. Khoo. "Approximation for the Symmetrical Parallel-Strip Transmission Line (Comments)." 1976 Transactions on Microwave Theory and Techniques 24.8 (Aug. 1976 [T-MTT]): 532-534.*

In a recent article, Rochelle gave an approximation for the capacitance of both "wide" and "narrow" parallel-strip transmission lines in a homogeneous, lossless, dielectric medium. The author obtained a final, unique formula, which is an advantage.
