FLOPT2--A Program for Least pth Optimization with Extrapolation to Minimax Solutions (Computer Program Descriptions)

J.W. Bandler and W.Y. Chu. "FLOPT2--A Program for Least pth Optimization with Extrapolation to Minimax Solutions (Computer Program Descriptions)." 1976 Transactions on Microwave Theory and Techniques 24.8 (Aug. 1976 [T-MTT]): 543-544.

To solve least pth optimization problems, featuring art extrapolation procedure for minimax designs and a scheme for dropping inactive functions, assuming the availability of first partial derivatives with respect to the design parameters.
