Temperature Compensation of TE₀₁₁-Mode Circular Cavities (Short Papers)

A.E. Atia and A.E. Williams. "Temperature Compensation of TE₀₁₁-Mode Circular Cavities (Short Papers)." 1976 *Transactions on Microwave Theory and Techniques* 24.10 (Oct. 1976 [T-MTT]): 668-669.

This short paper describes a novel method for temperature compensation of TE₀₁₁-mode circular-waveguide cavities. Implementation and experimental results on a single cavity are presented.
