## Tapered Asymmetric Microstrip Magic Tee

---

*M.H. Arain and N.W. Spencer. "Tapered Asymmetric Microstrip Magic Tee." 1975 MTT-S International Microwave Symposium Digest of Technical Papers 75.1 (1975 [MWSYM]): 134-136.*

The design of a very compact decade (1 to 10 GHz) bandwidth, -8.34 dB microstrip coupler and magic tee is described. The coupling factor is calculated. The construction of the device is described and its feasibility demonstrated.
