## Possibility of Double Circulation Frequency Operation of Stripline Y-Junction Circulator

---

*T. Nagao. "Possibility of Double Circulation Frequency Operation of Stripline Y-Junction Circulator." 1975 MTT-S International Microwave Symposium Digest of Technical Papers 75.1 (1975 [MWSYM]): 254-256.*

The application of double circulation frequency operation (DCFO) is proposed to a wide band operation of a stripline Y-junction circulator. The ECFO mechanism, bandwidth and experiments are also reported.
