Harmonic Mixing with an Anti-Parallel Diode Pair (1974 [MWSYM])

M. Cohn, J.E. Degenford and B.A. Newman. "Harmonic Mixing with an Anti-Parallel Diode Pair (1974 [MWSYM])." 1974 S-MTT International Microwave Symposium Digest of Technical Papers 74.1 (1974 [MWSYM]): 171-172.

The analysis and experimental evaluation of a new harmonic mixer configuration capable of yielding lower conversion loss and circumventing the local oscillator noise sideband problem is presented.
