## Millimeter Wave Integrated Circuits

---

*M.M. Chrepta and H. Jacobs. "Millimeter Wave Integrated Circuits." 1974 S-MTT International Microwave Symposium Digest of Technical Papers 74.1 (1974 [MWSYM]): 198-198.*

New applications for millimeter waves have been developed and will be described. These include: high data rate communications, secure communications, low altitude radar, obstacle avoidance, imaging and fog penetration, radiometry and radiometric imaging.
