## Slim-Guide Circulators in C, X, K and U Bands

---

A. D'Ambrosio. "Slim-Guide Circulators in C, X, K and U Bands." 1978 MTT-S International Microwave Symposium Digest 78.1 (1978 [MWSYM]): 105-107.

The performance is here discussed of circulators and switches using the evanescent mode approach. Units have been manufactured and tested from 4 GHz up to 50 GHz. The relevant results are likewise reported.
