## Various Excitation of Coplanar Waveguide

---

*M. Houdart and C. Aury. "Various Excitation of Coplanar Waveguide." 1979 MTT-S International Microwave Symposium Digest 79.1 (1979 [MWSYM]): 116-118.*

This paper reviews various methods to excite propagation along coplanar waveguide (C.P.W.); some very useful transitions are completely described and the performances obtained on transitions such as coplanar to coax, coplanar to microstrip or coplanar to slot line are given. Examples of application in microwave integrated circuits illustrate the employment of these transitions.
