Low Impedance Microstrip Calculations Using MSTRIP (Letters)

J.C. Cozzie. "Low Impedance Microstrip Calculations Using MSTRIP (Letters)." 1980 Transactions on Microwave Theory and Techniques 28.11 (Nov. 1980, Part I [T-MTT]): 1228-1229.

The program MSTRIP gives erroneous results for microstrip lines with a characteristic impedance. A modification to the program is suggested.
