Microstrip Dispersion in a Wide-Frequency Range (Short Papers)

E. Yamashita, K. Atsuki and T. Hirahata. "Microstrip Dispersion in a Wide-Frequency Range (Short Papers)." 1981 Transactions on Microwave Theory and Techniques 29.6 (Jun. 1981, Part I [T-MTT]): 610-611.

The dispersion property of microstrip lines was measured in a frequency range from 2 to 50 GHz and compared with that estimated by an approximate formula in a previous paper.
