An Epitaxial YIG 10-Channel Filter Bank

J.D. Adam. "An Epitaxial YIG 10-Channel Filter Bank." 1982 MTT-S International Microwave Symposium Digest 82.1 (1982 [MWSYM]): 78-79.

The design, construction and performance of an X-band 10-channel filter bank using magnetostatic wave propagation in epitaxial YIG films is described.
